BE OUR GUEST

I am delighted to invite you to the exclusive **Pilatus PC-12 aircraft demonstration event** at The Jet Centre, Isle of Man. The PC-12 is the ultimate business and leisure aircraft, often nicknamed 'an SUV of the skies'. It can land on short runways and grass strips as well as at all the main airports, bringing you as close to your destination as possible. Whether it is a business trip or a fun flight with friends and family, you will enjoy the comfort of the PC-12's executive interior and the Swiss attention to detail.

We would love to show you how the PC-12 can boost your travel plans and the work-life balance. Please contact us to arrange an individual appointment.

I look forward to seeing you there!

Edwin Brenninkmeyer,

CEO, Oriens Aviation
